DISPLAY DEVICES SHIPPING CONFIDENCE MONITOR CART FOR THE STAGING/WORSHIP MARKETS

July 2007, Arvada, CO

Display Devices introduces the Confidence Monitor Cart — a mobile stand designed for teleprompting and speaker confidence monitors. It is very lightweight, with a black powder coated aluminum frame, and features locking casters for easy repositioning. A grip handle makes for easy tilt and vertical adjustment. The display can be mounted at angles of 0-75° with up to 14" of height adjustment. The cart is very easy to transport and folds flat for storage. Flat panel monitors ranging in size from 37" -50" are compatible, and mount to the cart via our Universal Flat-Panel Mount (included). The list price for the Confidence Monitor Cart (CMC-5000) is \$800. The CMC-5000 is an "IN-STOCK" product and ships 2-3 days ARO.

About Display Devices

Founded in 1989, Display Devices has carved a niche in the Audio/Visual marketplace as the innovator of specialty mounting solutions. Their extensive line of standard products includes motorized lifts, mounts and enclosures for projectors and flat panel displays, camera pan-tilt systems, wall plates, rack panels, staging products and more. The in-house engineering team and on-site manufacturing capabilities place Display Devices in the unique position of providing custom solutions as well. If you can draw it, they can make it. Display Devices is well known as a valued OEM partner to some of the most respected manufacturers in the A/V industry.
